

HOW OUR POUNDS CAN PROTECT OUR PLANET TOOLKIT

King's Cross

HOW TO USE YOUR £££S TO PROTECT OUR PLANET

1. Switch your current account!

Check out [Switch It](#), a site where you can find out how well (or poorly) your bank performs and get suggestions for more ethical alternatives. Make sure you close your old accounts, so you're no longer supporting or affiliated with unethical banks!

You can also use Switch It for your pension or energy provider.

2. Choose green credit.

While some credit cards provide points and perks for yourself, you can also choose a credit card that supports green initiatives. [Good With Money](#) lists 4 of the most ethical credit cards on offer in 2021!

3. Pick a planet-friendly pension

Most of us are auto-enrolled into a pension plan, but if you have a self invested pension you can switch it yourself! To figure out where your pensions enrolled, check out the [Government pension tracing service](#) or talking to your office manager.

TAKE ACTION WITH MAKE MY MONEY MATTER

Ready to protect the planet with your pension?

- ➔ [Sign our petition](#)
- ➔ Be a [Net Zero Hero](#) (if you're a DC scheme member)
- ➔ Write to your [employer/pension provider](#)
- ➔ [MMMM's pension party](#)

Other Ways to Green Your Finances

- 🌿 [Switch](#) your gas & electric providers.
- 🌿 [Invest](#) in green energy.
- 🌿 [Insure](#) yourself and the planet.
- 🌿 [Support](#) environmental charities!

GREAT RESOURCES FOR A RAINY DAY

- 
- To see how the finance industry can tackle the climate crisis, watch WWF's film [Our Planet: Too Big To Fail](#)
 - [Ted Talk](#) by Dr Bronwyn King (tobacco focussed but inspirational and motivational)

- Make My Money Matter on the [Guilty Feminist podcast](#)

- 
- [Good with Money](#) - Packed with resources and guides to all things 'ethical money'
 - Ethical Consumer has a great '[money](#)' [section](#)
